INTERVIEW AGENDA

Examiner Ba Huynh,

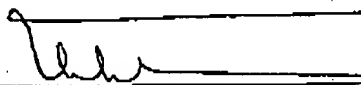

Thank you for agreeing to conduct a personal interview with me in connection with the above-identified U.S. Patent Application.

In the interview, I intend to discuss features of independent claim 79 in light of U.S. Patent Number 6,480,852 ("Himmel"). In particular, I intend to discuss how Himmel fails to describe or suggest the following features recited in claim 79: "based on the demographic characteristics associated with the user, automatically selecting a selected favorites menu from among a plurality of favorites menus that include the first and second favorites menus" (emphasis added).

I look forward to discussing this application with you.

Respectfully submitted,
